

# The Truth About It

Don't Let Chronic or Acute Diseases Ruin Your Life

ARE you going through life with a handicap? Are you afflicted with any of the special diseases of the nervous system? Do you lack vitality, strength and ambition? Why let these troubles ruin your life by keeping you in continual suffering and mental worry? Such diseases as Varicose, Hydrocele, Blood Poison, Kidney, Bladder and Urinary Troubles, Piles, Ulcers, Fistula, acute, chronic and private contracted diseases, and the various other ailments and weaknesses which are destroying thousands of capable men. To cure them quickly and surely requires a Specialist.

We Can Make You Well, Strong and Vigorous if You Come to Us in Time.

We have made a life work of specializing on these peculiar diseases. We have advanced many new methods which have proved wonderful in their effect. Hundreds of grateful people whom we have cured gladly recommend us privately, but through modesty refrain from doing so in print. You have no time to waste if you are afflicted. Come to us at once.

Call at Our Office for Private Examination.

FIFTEEN minutes is all the consultation and examination will require. Then you will know the exact truth about your condition. We don't charge one cent for this, or do not want you to feel obligated. But we do want the opportunity to convince you that suffering and worry is foolish and that we CAN cure you.

The Most Prevalent and Serious Disease Among Men Past Forty.

ACCORDING to the secretary of State Board of Health, the Prostate gland is perhaps the most important gland in the body, being of extreme importance to the physical and mental stability of man. Diseased conditions of this gland are accompanied by the most pronounced disturbances of other functions, such as weakness, loss of ambition, strength, vim, vigor, vitality, headache, backache, dizziness, loss of appetite, mental hallucinations, a feeling of impending danger, weak trembles, cold feet, specks before the eyes, weakness, constipation, pain in rectum or at neck of bladder, hot flashes, nervous restlessness, and finally, you concentrate mind, thoughts wander, easily fatigued on little exertion, loss of confidence. We cure these cases in from 15 to 30 days if they are uncomplicated by any of the knife, pain or loss of time. No weary months of waiting or druging.

## ENGLAND ADMITS U. S. IS NO PARTY

Foreign Office Retracts Its Statement That Agreement As to Shipments of Goods Was Entered Into.

WASHINGTON, May 25.—The British foreign office has retracted its statement that the United States was a party to the agreement between representatives of shippers of cotton and the British government.

Some American diplomats say that Great Britain had very shrewdly laid a trap by which the United States would become committed to the British views of commerce into neutral countries and to the British blockade.

The British government quite realize that the unofficial arrangement in no way involve the United States government and that they do not, and cannot commit either government to any departure from the views which they have already expressed in their official notes with regard to the declaration of March 1 and the blockade policy adopted to give effect to it.

Crakow, so frequently mentioned in the war dispatches was once the capital of free Poland, with a cathedral equivalent to Westminster Abbey, wherein sleep the generations of Polish kings and heroes. It possesses the most striking patriotic memorial in the world. This is the Kosciuszkoberg, a mound 300 feet high, erected to the memory of Kosciuszko, and formed of earth from every battlefield of Poland.

Experiments made in the German army show that the average soldier can recognize an intimate friend at 500 feet, an acquaintance at 300 feet, a person whom the soldier had seen only once before at 80 feet.

German experimenters have found that explosions can be caused in gas works by sparks from telephones.
